

# WHAT'S THE PURPOSE?

*Let's explore that question...*

## RESPONSIBLE FREEDOM

College is just a glimpse of the freedom you'll have over a long "adulthood" process.

Expressing your freedom should be guided by **ethical standards** that respect the dignity of others and their contributions to society.

Responsible freedom in college means fulfilling your learning goals with **truthfulness** and **integrity**.

When you progress through college dishonestly, you are declaring that the rules don't apply to you and that others' hard work and intellectual property are meaningless.

## ACADEMIC INTEGRITY

Society requires **knowledgeable and skilled workers** to maintain itself and to foster creative problem solving.

Removing integrity and merit from education leads to false credentials, incompetent laborers, and harmful shortcut behaviors that erode the institutions we all rely on.

## PUBLIC GOOD
