Spirit Force: Leadership Development

Spirit Force is a group of dedicated students who support the Homecoming executive council with the planning and execution of one of the university's oldest traditions: Homecoming. During this semester long experience, members of Spirit Force will gain insight into large-scale event planning, will be exposed to the culture of involvement at FSU, and will have various opportunities to gain both professional and leadership development. The "Spirit Force: Leadership Development" badge will provide this wonderful group of students with an invaluable understanding of where they can take their FSU experience once Homecoming has concluded. This badge will focus on campus exposure, a taste of professionalism, an extension of leadership education, and a reflection to wrap-up the experience.
